invite to the Third Conference

Semigroups of Operators: Theory and Applications

Kazimierz Dolny, Poland
30.09-5.10. 2018

a conference for all who use, apply or work with semigroups of operators.
During the conference we will celebrate the 85th birthday of Jan Kisyński.

Plenary Speakers:

Wolfgang Arendt
Charles J. K. Batty
Jerome A. Goldstein
Jan Kisyński
Thomas G. Kurtz
Roberto Triggiani

Scientific Committee

Jacek Banasiak (Łódź/Pretoria)
Adam Bobrowski (Lublin)
Jan Kisyński (Lublin)
Mirosław Lachowicz (Warszawa)
Yuri Tomilov (Warszawa)
Jerzy Zabczyk (Warszawa)

Sessions:

Nonlocal operators.
Evolution equations of biosciences and bioengineering.
Multiscale Approaches and the Semigroup
Environments.
Semigroups on networks and further ramified
structures.
Semigroups for parabolic problems.
Stochastic semigroups and their applications in biology.
Quantitative aspects of semigroup asymptotics.
Perturbation and Approximation.

Organizing Committee

Zbigniew Łagodowski (Lublin Univ. of Technology)
Małgorzata Murat (Lublin Univ. of Technology)
