

It is with deep sadness that we announce the death on the 22nd December of 2018 of

Professor Bogdan Bojarski

an Ordinary Member of the Polish Academy of Sciences

He worked at the Institute of Mathematics of the Polish Academy of Sciences since 1960. In the years 1986-2002 he was the Director of the Institute.

He was an outstanding mathematician, the creator of a strong school working on partial differential equations. He is in particular well-known for the Ahlfors-Bers-Bojarski Theorem concerning the solutions of the Beltrami equation. He combined his scientific work with organizational activities. In the years 1970-1981 he was the director of the Institute of Mathematics of the University of Warsaw.

He created the Research and Conference Center in Będlewo.

For his service to the Polish science he was awarded the Golden Cross of Merit, the Knight's Cross of the Order of Polonia Restituta and the Commander's Cross with the Star of the Order of Polonia Restituta.

We are saying goodbye to our Colleague and Friend

The Director, Scientific Council and Employees of IM PAN

Professor Bojarski was buried on the 10th of January 2019 at the Powązki Military Cemetery, headquarters G, tomb 6.
