

**Institute of Mathematics
of the Polish Academy of Sciences**
**announces an open call
for temporary research positions**

for 2 years, starting on 1st of April 2019, for mathematicians having substantial research achievements in mathematics, in particular in the field of machine learning.

Candidates are expected to hold a PhD in mathematics granted not earlier than 2015. Achievements in applications of mathematics in industrial projects will be considered an additional advantage. The successful candidate will be expected to conduct high quality research within IMPAN's machine learning team, including the applied industrial projects. In particular participation in Polish and international research programs and grants, including applications for new ones, is expected.

The application should contain a cover letter, a research statement, a CV including a list of publications and an agreement for personal data processing in the recruitment process. Application should be submitted by 13th of February 2019, to the address:

**„KONKURS ML_adiunkt”
Institute of Mathematics of the Polish Academy of Sciences,
Sniadeckich 8, 00-656 Warsaw, POLAND**

or electronically to anpo@impan.pl

Additional information can be obtained from Mrs. Anna Poczmańska at anpo@impan.pl.

The final decision will be made in the beginning of March 2019 and the candidates will be informed of the results by mail or e-mail soon after.

DYREKTOR
Instytutu Matematycznego PAN
Prof. dr hab. Łukasz Stettner
