

INSTYTUT MATEMATYCZNY

POLSKIEJ AKADEMII NAUK

Postdoctoral Position

Grant NCN Maestro

Forcing Axioms, Inner Models and Determinacy

The research group led by professor Grigor Sargsyan at the Institute of Mathematics of Polish Academy of Sciences in Gdansk, Poland is seeking highly qualified candidates for a 36 months postdoctoral position in the NCN Maestro project entitled *Forcing Axioms, Inner Models and Determinacy* which starts March, 1st 2025 and is funded by the National Science Center. The general area of the project is set theory, and within set theory it lies in the intersection of determinacy theory, forcing techniques, inner model theory and large cardinals.

Qualifications:

- A. PhD in mathematics obtained not earlier than seven years before the year of employment (accounting for parental leaves).
- B. Expertise and research interests in an area closely related to the project.
- C. Good communication skills in English.

Required application documents:

1. Detailed CV including a publication list.
2. Research statement.
3. Two letters of recommendation.
4. Signed consent to process personal data.
5. In case the candidate's graduation date is later than March, 1st 2025, a letter from the PhD advisor explaining the student's situation.

For full consideration, the above documents should be sent by January, 15th 2025 to gsargsyan@impan.pl with the subject line "NCN Postdoc 36 months".

We encourage all qualified candidates to apply, independently to their gender, age, ethnic, national or social background, religion, beliefs, sexual orientation or disabilities.

For an additional information, please contact Dr Grigor Sargsyan, prof. IMPAN, email: gsargsyan@impan.pl.
